Court Bookings: Fingers crossed, the court booking system is now running correctly. If you intend to play at night, then you will need to make a booking via club spark, this will activate lights, turning them on and off (5 mins after booking time ends). Take note of your code and enter this at the gate (don't forget to press the left facing arrow (enter key). This code can be entered within 10 minutes of your booking. Any earlier and the lights will not turn on.
